

## STELLA SMX-2 AIR CARBON LEATHER GLOVE

WOMEN'S PERFORMANCE RIDING

SIZES: XS-L

Incorporando un innovador diseño evolucionado y confección con nuevos materiales para lograr los más altos estándares de certificación CE, los guantes Stella SMX-2 Air Carbon V2 Glove incorporan protectores de nudillos en carbono, malla técnica 3D y una confección de la capa principal en piel que proporciona excelentes niveles de protección y flujo de aire refrigerador para esos días cálidos de verano que nos movemos por el tráfico de la ciudad.

- Designed and developed for an optimized women's fit.
- Newly designed and durable, multi-panel main shell construction incorporating full-grain leather and 3D mesh for durability, abrasion resistance and high levels of breathability.
- An innovative microfiber and PU grip insert strategically position on palm and thumb for excellent levels of grip control and durability.
- Alpinestars' exclusive ergonomic stretch insert between palm and thumb offers improved range of hand movement and greater sensitivity while operating the bike controls.
- Incorporates premium quality suede palm and landing reinforcement for grip, control and durability.
- Ergonomically shaped Alpinestars' innovative carbon knuckle guard provides exceptional impact and abrasion protection. Guard is reinforced on the interior side with thick EVA foam for improved levels of fit, comfort and shock absorption.
- Finger tops and back hand incorporates poly mesh TPR inserts for additional impact abrasion and ventilation in critical areas.
- Impact absorbing EVA foam panels on thumb for additional impact performance.
- 3D mesh finger surfaces and thumb for cooling performance.
- Pre-curved finger construction to reduce riding fatigue.
- Neoprene wrist cuff plus velcro and TPR closure for secure and personalized closure.
- Touchscreen compatible index fingertip and thumb for use with smartphones and GPS systems.
- Stretch finger sidewalls for improved flexibility when riding.
